Dear Parents/Guardians,

We hope this message finds you well. As winter arrives, we're thrilled to share the Home Education schedule for our children at Heroes Centre Limited. Sabina will be leading the children through a series of delightful and seasonal activities.

Activity 1: Making Snow Even if the weather outside doesn't provide real snow, children will have a magical time making their own snow! This sensory and hands-on activity will bring the joy of winter indoors.

Activity 2: Writing Letters to Santa In the spirit of the season, kids will have the chance to express their holiday wishes by writing letters to Santa. This heartwarming activity not only encourages literacy skills but also adds a touch of excitement to the festive season.

Activity 3: Making a Spiral Snowman Children will get creative with a festive craft by making their own spiral snowman. This imaginative activity not only promotes fine motor skills but also allows them to showcase their artistic flair in a winter-themed creation.

We believe these activities will bring a sense of winter wonder to our home education day. Please ensure your child is ready to participate in each session. If you have any questions or need further information, please feel free to contact us.

Our dedicated team is committed to providing a memorable and enjoyable home education experience for your child.

Warm Regards,
Heroes Centre Limited
