Dear Parents/Guardians,

We hope this message finds you well. As we gear up for another exciting day at Heroes Centre Limited, we are thrilled to unveil our captivating schedule for this Wednesday, designed to spark curiosity and ignite creativity in your child!

Wednesday's Adventure: Discover and Create!

Activity 1: Explosive Volcano Making

Get ready for an explosive learning experience like no other! In our shared activity, children will become budding scientists and creative engineers. They will work together to create their very own volcanoes, exploring the exciting world of chemical reactions as they witness simulated volcanic eruptions. This hands-on experiment promises not just eruptions but also teamwork, discovery, and a ton of scientific fun!

Activity 2: Heroes Poster Extravaganza

Calling all young artists and visionaries! In our second activity, your child will embark on a journey of creativity and self-expression. We're not just making art; we're creating a masterpiece! Your child will have the chance to paint, color, and collage on a large piece of cardboard to craft their very own Heroes Poster. This collaborative project will not only nurture their artistic talents but also instill a sense of teamwork and shared accomplishment.

What to Bring:

Enthusiasm for discovery and creativity
An old shirt or smock to protect clothing during art activities.
A sense of wonder and imagination

Our dedicated team is committed to providing a safe and engaging learning environment for your child, where they can explore, learn, and create while having a blast.

If you have any questions or require further information, please don't hesitate to reach out to us. We look forward to a day filled with wonder, discovery, and artistic expression.

Thank you for your continued trust and support.

Warmest regards,
Heroes Centre Ltd
